3 weeks

project
The reorganisation of 2 levels of BMG head office in North Sydney, to allow for the Australian Idol to be organised.

construction features
New Joinery to reception area along with new floor tiling, ceilings, walls and services.

Level 1 consisted of the demolition of parts of the floor, forming new office space and workstation areas, the installation of all new corporate furniture was also included. All the BMG library had to be catalogued and relocated to a new compactus area.

project outline
New entry lobby and reception needed to be formed, along with the opening up of level 1 to accommodate more staff, all works needed to be carried out sequenced to allow BMG to remain fully operational.
